

The Bulletin.

WASHINGTON.

LARGE AMOUNT OF WORK DONE.
WASHINGTON, March 1.—More legislation was accomplished in the House to-day than on any previous day this session, yet it was notably dull for spectators, as all debate was out of order.

At 12 o'clock the clerk began reading in order the titles of bills on the speaker's table, and twenty-eight of them not being objected to, were considered and passed.

PRIVATE BILLS.

Most of these were for the relief of individuals, or bills granting pensions.

GREAT VICTORY CLAIMED.

Hitherto the Committee on Appropriations have steadily refused to vote money for any more new public buildings in Washington, and the concurrence by the committee in this amendment is regarded as anti-Capital movers as a great triumph. The committee met again to-night to finish up the business.

ONLY ONE HUNDRED AMENDMENTS.
Before the Senate passed the legislative and executive appropriation bill there were one hundred amendments added thereto. The Committee on Appropriations non-concurred in the whole of these, when a committee of conference was appointed from both houses.

COMMISSIONER PLEASANTON would like to read Congress a caustic lecture on the failure, thus far, to enact his recommendation in regard to the income tax and exportation of whisky. It now looks as if, in the matter upon which he is at odds with his official head, Congress would neglect to give him a victory.

SPEAKER OF THE NEXT HOUSE.

Some Republicans have expressed the opinion that there is a possibility that no Speaker will be elected Saturday, the meaning of which is, there may be three candidates for the place.

PENNSYLVANIA'S DESIRES.

It is said that Pennsylvania desires the chairmanship of Ways and Means for Kelley.

DEMOCRATIC CANDIDATES.

The Democrats have not yet settled upon their candidate, but Cox, of New York, and Morgan, of Ohio, are the most conspicuous contestants for the honor of Democratic support.

NASHVILLE.

TWO MURDERS.
NASHVILLE, March 2.—A. H. Gwin, of Wilson county, was shot and killed, Monday morning, by his son William. The difference between them arose from the older Gwin's intemperance and harsh treatment of his wife and family, which is one of the most respectable in Wilson county.

Mrs. N. S. Van Hook was murdered by an unknown person, at her residence in Jackson, Tenn., on Sunday at 9:12 o'clock a. m., by blows on her head with a hatchet. She had just sent her children to Sabbath school, and was alone in her chamber reading. She had in her bureau \$1,500, which it is supposed was the intention of the murderer to steal, but the assassin failed to find it. Her residence was near the center of Jackson, and persons were passing on the street at the time.

HAVANA.

BATTLE FOUGHT—INSURGENTS VICTORIOUS—HEAVY LOSSES ON BOTH SIDES.
HAVANA, March 2.—Letters received here state that a battle was fought on the 16 ult. between 600 insurgents under Maximo Gomez and 400 Spanish troops near Marziale. The Spanish fought with great bravery, but their ammunition becoming exhausted they were obliged to retire.

The loss was heavy on both sides. The Spaniards had 160 men killed. The number of insurgents killed is not known, but their loss is believed to be equally disastrous.

FROM OMAHA.

IMPEACHMENT RESOLUTION—LAND PATENT.
OMAHA, March 2.—A resolution impeaching David Butler, Governor of Nebraska, passed the House to-day by a vote of 31 to 6. A committee of five was appointed to prefer charges.

The Union Pacific railroad company received to-day their first patent from the government for land, being for 639,024 acres.

SUICIDES.

CLEVELAND AND MEMPHIS.
Memphis, March 2.—James Drummond, a mechanic, formerly of Canada, committed suicide by shooting himself through the head with a pistol. Cause intemperance.

CLEVELAND, O., March 2.—Adam Ditch, 40 years an engineer on the Cleveland and Pittsburgh railroad, committed suicide by shooting himself through the stomach. He was found dead in his bed this evening. Whisky was the cause of the suicide.

BITTERS

HOOFLAND'S GERMAN TONIC

Hoofland's Greek Oil

Hoofland's German Bitters.

A Bitters Without Alcohol or Spirits of any kind.

Is different from all others. Is composed of the purest or vital principle of Roots, Herbs and Bark (or as medically termed, extract) the worthless and inert portions of the ingredients not being used. Therefore, in one bottle of this Bitters there is contained as much medicinal virtue as will be found in several gallons of ordinary mixtures. The Roots, etc., used in this Bitters are grown in Germany, their vital principles extracted in that country by a scientific Chemist and forwarded to the manufacturer in this city, where they are compounded and bottled. Containing no spirituous ingredients, this Bitters is free from the objections urged against all others; no desire for stimulants can be induced from their use, can make no drunkards, and cannot, under circumstances, have any but a beneficial effect.

Hoofland's German Tonic.

Was composed for those not inclined to take strong bitters, and is intended for use in cases when some alcoholic stimulant is required in connection with the tonic properties of the Bitters. Each bottle of the Tonic contains one bottle of the Bitters, combined with pure Sarsaparilla, Rum, and flavored in such a manner that the extreme bitterness of the Bitters is overcome, forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal virtue of the Bitters. The price of the Tonic is \$1.50 per bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be of a pure quality. A poor article could be purchased at a cheaper price, but it would not be a little more expensive to buy a good article. A medicinal preparation should contain none but the best ingredients and those who expect to obtain cheap compounds will most certainly be cheated.
